Ithome

Islands

Crete
Thera
Ithaca
Lesbos
Salamis
Aegina
The Cyclades

Waterways

Gulf of Corinth
Hellespont
Aegean Sea
Ionian Sea
Sea of Marmara/Propontis
Bosporus

Study Tips and Reminders: Almost everything here can be located in the maps at the front of our textbooks. Even so, some might be hard to pick out from amid all the information in those maps. I suggest the obvious: use a good search engine to find the harder-to-pin-down items. In the Cartographic Module, I have a blank map with some geographic detailing. I strongly suggest you use that as a study sheet to mark down locations.
